DESCRIPTION

On "Girls" Vultures United pay tribute to some of their favorite female artists, covering the likes of The Ting Tings, Yeah Yeah Yeahs, Bjork, Nico, X-Ray Spex and more. The Cassette version contains two exclusive tracks not found on either the vinyl or CD versions (Nico and These Days). With the collaborative help of their friends Vultures United also wrote a few original instrumental arrangements to bridge the gaps between the tunes they chose to pay homage too. It's not every day that Hardcore Punk bands use things like organs and glockenspiels, but maybe it should be.

Cassette Track Listing:

Side A Mary Jo Lisa, That's Not My Name, Summer Mood, Olive, He Needs Me, Army of Me

Side B Karen, Turn In To, Oh Bondage Up Yours, Nico, These Days
